

We are

H A R B O R

N E T W O R K

Harbor Network is a growing family of 125 churches across the United States.

We believe that the gospel of Jesus Christ advances through renewed people, leaders, and churches. That's why we work to provide the safety and support pastors and church leaders need to launch, lead, and multiply thriving churches. As leaders thrive in Christ, so too do churches; as churches thrive, more people in more places experience life-changing renewal.

We provide safety and support to church leaders.

As your leaders navigate the waters of church leadership, Harbor churches enjoy relational, cultural, and theological safety, as well as access to the support needed to meet the demands of today's church leadership.

- Our commitment to cultivate **deep relationships** for ministry longevity ensures that the pastors and leaders in Harbor churches enjoy deep, trusted friendships across the network.
- Our shared **core values** of renewal-driven mission, conviction and imagination, diversity, friendship and wholehearted leadership guide our network, ensuring our leaders are not only like-minded, but also like-hearted.
- Access to **expertise, care, and resources** through partnerships with other churches and ministries throughout the country.
- **Financial assistance** for training, care, counseling, coaching, and to help launch new churches.

Stories

WE CAN'T IMAGINE planting a church without the relationships, encouragement, equipping, accountability,

and support of Harbor Network.

- Matt and Devon Guertin
Church planters of Local Church
in Cleveland, Ohio

THE LEADERS' SUMMIT is always a rich time for us to connect with old and new friends, embrace rest, hear

from God through other ministry practitioners, offer encouragement to fellow travelers, and learn with those who understand our joys and hardships. We always leave refreshed and equipped to return to our context with great zeal.

- Charles Shannon
Church planter/lead pastor
of Mission Church in Norfolk, VA

HARBOR HAS HELPED us navigate seven building transitions, raise up and send out leaders, launch pastoral

and planting residencies, as well as multiply and plant another church that is thriving in our city. None of this was easy, but with Harbor our small ship in Pittsburgh was able to stay the course and remain anchored in the gospel.

- Rob Maine
Lead pastor of Renaissance Church
in Pittsburgh, Pennsylvania

STATS

0

Number of divorces among lead pastors and their wives since we began in 2011.

90

Since 2011 we have helped start 90 new churches across the U.S.

90%

Churches planted through Harbor Network have a 90% survival rate after four years compared with 68% national survival rate.

125

Number of new churches we hope to launch between 2019 and 2025.

25,000

The number of people who hear about Jesus in Harbor churches each weekend.

We provide support to help our churches and leaders navigate a variety of challenges in launching, leading, multiplying thriving churches.

We help church planters launch new churches.

New church planters benefit from a rigorous assessment, access to church planter residencies in Harbor churches, multiple years of training and financial assistance, and ongoing support through coaches, mentors, and personal connections.

We help renew pastors and leaders.

We help church leaders lead wholeheartedly through a variety of renewal initiatives that include an annual retreat for lead pastors and wives, regionally-focused renewal gatherings, personalized care and crisis support for pastors, cohorts and publications for ongoing learning and growth, and access to grants for scholarships, sabbaticals, and soul-care.

We help thriving churches multiply.

As churches begin to thrive, they naturally begin to multiply, starting new churches as a result. We help them do this by surfacing emerging church leaders and pastors, connecting them to Harbor churches, and offering coaching and financial assistance to those hosting church planting residencies.

Let's do more together!

We believe our work is to participate with God in the renewal of all things through the gospel of Jesus Christ. We're asking God to cultivate movements of thriving churches across the United States. This will require more than just one person, one leader or one church. It's going to take all of us. Harbor Network isn't just a group of pastors or churches. It's every single person in every single Harbor Network church.

- Do you want to see your pastors and leaders equipped, renewed, and leading faithfully?
- Do you see the need for more thriving churches across the United States?
- Would you like to play a critical role in renewing people and places through strong, thriving churches?

If so, we'd love to connect with you. Will you partner with us?
